Week 6: MAP Testing and Fun at School

This year, we are so excited to have our 8th-10th graders interviewing and gathering information for our newsletter! Here's what they found:

Highlights from Week 6...

This week was definitely exciting at IAA! We had our first round of MAP testing. Thanks to Home & School, our students were treated to gourmet healthy snacks to help keep them fueled as they showed their incredible knowledge. Our Kindergarten and 9th & 10th grade students got together and made several recipes of incredible Peach Freezer Jam. They even made enough to share! Our 5th-8th graders started learning about the different muscles in the human body. Our 2nd-4th graders learned a new game at recess and spent time with their favorite subject: math!

A Special Look at Our Awesome Students!

Upcoming Events:

- September 25-October 6 – MAP Testing
